The Department of Geography has arranged an educational tour for completing the fieldwork of third-year honours students as per the University of Calcutta curriculum. The destination was KHARIARBANDAR, Village MALBAZAR, Block.

The tour was organized by the department from the 7th to the 13th of January. There were 33 students and 4 faculty members in the team. The educational tour is always organized by the department 1 year before the examination. The Field Report was evaluated in the 2020 final examination. Students prepared the report with proper attention and with detailed studies. The fieldwork was based on the socio-economic scenario of this area.

We started heading to Malabazar by train Kanchankanya Express from Sealdh. On 8th January after reaching New Mal Jn. Railway Station, we started heading to Lataguri by Tata Sumo. After a long journey from yesterday, we reached Lataguri and stayed at a well-decorated resort. After some evening snacks, we went out to the nearest market at Lataguri to conduct the Market morphology survey. The next day in the early morning we headed towards the village and started our socio-economic and household survey. As per the requirement, the total no. of students was divided into three groups, though most of the students went to the household survey. Another team worked on GPS, long and cross profile of the river bank. The last group conducted the nearest road, traffic survey. A few members of our team went to collect some socio-economic data from Lataguri GP along with the teacher. The village has a primary school and a Health Centre. The most interesting thing was Jungle Safari to see the wildlife in Gorumara National Park Medhla. It was an amazing and extraordinary experience for the students because, during the survey, they got a direct reaction and feedback from the inhabitants of their own locality, which was quite unexpected. The next day we went towards Jhalong-Bindu.

A campfire was arranged last night and all the students and teachers participated. On the way, we see the places-Murti River, Tea Garden etc. 13th January which was the time to return. We went to visit some unexplored places in Garumara Forest. The Train was at 5.30 pm at New Mal Jn.

Outcome:

Thus their excursion helped the students to understand the struggle of the hilly people and their lifestyle in a short period of time which enriched them with people from other socio-economic and physical backgrounds and helped them to prepare a different kind of field report.

DEPARTMENT OF MATHEMATICS

EDUCATIONAL TOUR

Report on Students centric method of teaching learning

Organising Department: **MATHEMATICS**

Academic Session: 2019-20

Report on**Study Tour**..... (EVENT)

Type of the Activity: Experiential learning

Objective of the Event: Learn through visit in place with scientific importance

Date: 05.03.2020

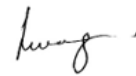

Time of the Event: 10 a.m. -5 p.m.

Number of attendees: (a) Student (mention semester): 21 (Semester II And IV)

(b) Teacher: 07

Venue: Birla Institute and Technology Museum

Outcome: Gain knowledge and proper reason behind natural phenomena and mechanism of various instruments.
